

# Rocky River Hi-Tide

Vol. 43 No. 9

Rocky River High School, Rocky River, Ohio

Feb. 19, 1963

## River Welcomes Its Third AFS Student; Maggie Continues U.S. High School Life

Rocky River's third AFS student, Margriet (Maggie) Over arrived Jan. 30. Maggie is from Geleen, Holland and is now staying at the Charles Seelbachs, 20715 Beachcliff, whose daughter, Margie, is a RRHS junior. She is "almost 18" and in the senior class.

Maggie had been staying in an Episcopal Boarding School in Virginia when she requested to move so that she could live in an American home. While at RRHS she is studying American history, English, sociology, Glee Club, and home economics. For a future profession Maggie is considering being a psychologist, sociologist or a Russian-English interpreter.

Geleen, Holland is a mining town with about 30,000 inhabitants. It has a suburban atmosphere, but there are no cities near it. Maggie says Geleen is "not typically Dutch" but has lots of hills and woods. She has two brothers, aged 23 and 19, studying economics and mechanical engineering. Her sister is 15.

Maggie's school, about twelve miles from her home, is reached by train. In Holland trains are frequently used instead of buses. In the six

day school week there is a six period day ending at 2 o'clock. Summer vacation is six weeks, but Easter and Christmas va-

MAGGIE OVER reads about American life in Hi-Tide exchange paper.

cations are long. Five hundred students attend this co-educational high school. In Holland there are about fifty types of secondary schools, but

only two enable students to go on to college. Last year Maggie studied 17 subjects including history, chemistry, physics and math, in 55 minute periods. She speaks Dutch, German, English, French, and has studied Latin five years, Greek six years, and one semester of Russian.

After six years of elementary school, five or six years in high school, and passing written and oral examinations, a student may attend one of Holland's fifteen universities. They are all state-supported, and students live in private homes off the campus.

Maggie likes all sports, especially horseback riding. She also enjoys watching commercials on television. In Holland they usually have television only in the evening. They get quiz shows, Perry Como, art and children's programs. Something new to her are the large supermarkets.

Maggie says she appreciates the friendliness and interest given to foreign exchange students by Americans.

### Thespians Hold Yearly Assembly

Thespians held their annual Induction Assembly Thurs., Feb. 7. After Lynn Jaenke and Bob Wesp spoke on the purpose and history of Thespians, Martha McClure called the new members to the stage. Sue Harris then led the Thespian pledge.

Mr. Arthur Bennett, principal, congratulated the newly inducted Thespians, spoke on the importance of the arts, and then introduced the entertainment for the assembly.

Mr. Rueben Silver, Mr. Orville Ballard, and Mr. Anthony Coleman, from Cleveland's famed Karamu Theater, dramatized a series of both humorous and poignant poetry, essays, and play excerpts.

ders; arranging for the printing of the tickets, bookmarks, and programs; and preparing a financial statement for the play.

Under the chairmanship of Bobbie Gould, the publicity committee will advertise the play with posters, P-A announcements, newspapers, and showcase displays.

The wardrobe committee, under the chairmanship of Ellen Stromberg, faces the difficult task of finding turn of the century costumes.

## Seniors Promote Play Tickets; Sales to Start February 21

Tickets for the Senior Class Play, "Cheaper By The Dozen," will go on sale Feb. 21. The tickets cost 50 cents for students and 75 cents for adults. Tickets may be bought from any senior.

All seats are reserved. Tickets may be ordered anytime between Feb. 21 and the play, which will be presented on March 8 and 9. Unless the house is sold out, tickets will be sold at the door on the nights of the two performances.

The business committee is in charge of filling ticket or-

### River Currents

Feb. 20 - National Honor Society Assembly

Feb. 22 - Washington's Birthday (No School)

Feb. 23 - Brown vs. Faculty Game

Mar. 2 - College Board Tests

Mar. 5 - AFS Assembly

Mar. 8, 9 - Sr. Class Play

Mar. 9 - NMSQT Tests

## Faculty Opposes Cleveland Browns

Can the Rocky River faculty basketball squad be beaten?

This question will be answered Sat., Feb. 23 when the faculty meets the Cleveland Browns' basketball team in our gym, at 8 p. m.

The faculty squad includes such stars as coaches Mr. Donald Frail, Mr. Donald Kelly, Mr. Robert Barkley, Mr. David Bichsel, and Mr. David Taylor of the high school, and Mr. Ron Birt and Mr. David Zaylor from the junior high.

Mr. Richard Hoskin is coach.

Playing on the Browns' team will be Ernie Davis, Vince Costello, Bernie Parrish, Mike Lucci, John Wooten, Dick Schafrath, John Morrow, and Rich Krietling.

There will be a preliminary game at 7 p. m. in which the so far undefeated Rocky River Methodist team will challenge a team of Rocky River alumni.

At the halftime of the Browns' game, there will be a performance by the gymnastic club.

NCTE FINALISTS (L to R) Lynn Wiesenberger and Martha Leshner take time to brush up their Shakespeare.

## NCTE to Present Awards; Two Juniors Nominated

This year Rocky River High School will submit two names to the National Council of Teachers of English which gives annually deserved recognition to some of the nation's outstanding high school English students. Nominees are selected as juniors and the awards are made when the students are seniors.

Each school selects its nominees on the basis of the students' abilities to write clearly and effectively, revealing in their writing the ability to think for themselves. The students picked should be able to read exceptionally well and should be eager to obtain a college education.

Rocky River High School will be sending the names of two juniors: Martha Lesner and Lynn Wiesenberger. They will be required to complete the following: a 250-300 word autobiography; an impromptu piece of writing on a subject to be designated by the NCTE, and a sample composition which represents the very best writing they can do.

In addition, a letter from the English teacher, and one from a school administrator must be included. This supporting material will be considered along with a written test on

grammar, usage, and other principles of English.

The winners and runners-up will be announced Nov. 28, 1963. Winning students will receive a scroll and a recommendation from the NCTE to 4-year colleges and universities for scholarship consideration.

## Honor Society Takes Members

Mr. W. Dean Hopkins will speak at the National Honor Society Assembly Wed., Feb. 20. Five per cent of the Junior Class and ten per cent of the Senior Class will be inducted.

Mr. Hopkins is a graduate of Wooster College and Harvard Law School. He is now a practicing attorney in Cleveland and a member of the Board of Trustees of Wooster College.

Interest in youth has long been his avocation. At present he is a member of the Lakewood Board of Education. He has been active in Scouting, and in the Youth Program of Lakewood Presbyterian Church. Last year Andrew Freris, an AFS student from Greece, was a member of the Hopkins family.

Members of the National Honor Society must rank in the top quarter of their class. Teachers judge students they have had in homeroom, class and extracurricular activities on scholarship, character, leadership, and service.

Rocky River gained its National Honor Society charter in 1930, nine years after the first twelve of the present 8,000 chapters were formed.

Officers are Larry Gilbert, president; Helen Hodgson, vice-president; Debby Murray, secretary; and Cheryl Grube, treasurer. Other seniors admitted last year are Carol Haas, Margaret Kazarian, Diane Peters, Barbara Pettit, Ellen Stromberg, Betsy Unger, and Lesley Woodruff.

Tickets are \$1 for students and adults and will be sold at the door.

# Time and Effort Are Necessary To Secure World Brotherhood

How do you tell a little child that he can't play with his friend from down the street? How do you make him realize that his friend is different - that his name is funny, that he goes to a strange church, that he just isn't one of us? How do you make a little child understand?

But wait! There's no need for concern - this little child will not be de-luded for much longer by the lip-service we adolescents and adults pay to brotherhood and equality. He will soon understand that we show our true feelings by our actions, not by our words.

Perhaps you feel this is being too harsh on the human race. Perhaps you might point out the work of the YMCA's, Kiwanis Clubs, Chambers of Commerce, and Scouting programs.

These organizations are doing a wonderful job. But - it is necessary to realize that before true brotherhood can exist in a community, it must first exist in the hearts of the community's individuals. Similarly, this individual feeling of brotherhood must be present before it can exist between races or religious groups.

The question now is, "What can we do, as individuals?" There are several answers if we will only take the little bit of time and effort needed to carry them out.

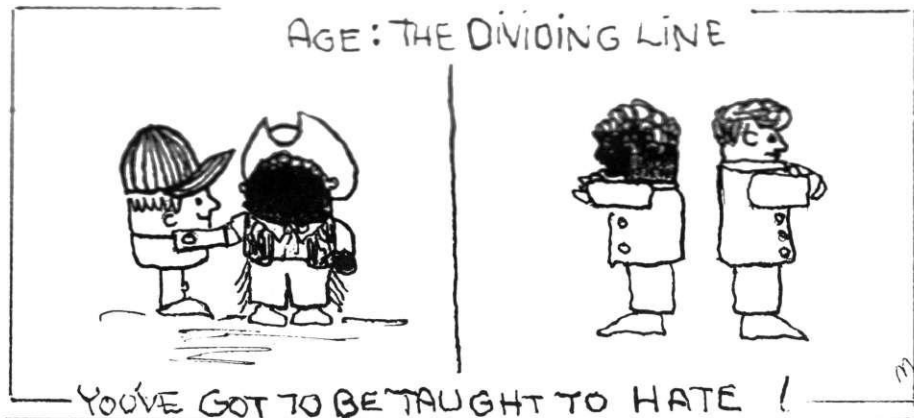

In our own attitudes:

- (1) Deal with people as individuals. Do not generalize about groups of people.
- (2) Do not limit friendships to certain religious, racial, and national groups.
- (3) Do not blame others for our own troubles, making them the scapegoats for the problems of a society we all helped to create.

When we hear intolerance:

- (1) Challenge the prejudiced statements quietly with moral principles and facts.
- (2) Insist that each person be judged as an individual; do not allow generalizations to go unchallenged.
- (3) Ask proof of prejudiced charges.

Above all, remember that "we can... and must... learn to live together." This is true brotherhood: - "Believe it! - Live it! - Support it!"

## WSSP Presents Interesting Experiments and Plans

In its second season, the West Shore Science Program offers students a rare opportunity for instruction in scientific concepts, methods and applications more advanced than those offered in high school curriculum.

In coordination with the Lake Erie Junior Museum, Bay Village, Fairview Park, North Olmsted, Parkview, Rocky River, and Westlake youths in the ninth through twelfth grades are eligible to participate.

Meeting Saturday mornings at one of the member schools, participants are presented a topic of current scientific importance by science teachers, technologists, or professional scientists in the nearby communities.

Past programs have covered such topics as weather, with KYW's Dick Goddard, topology, communications, satellites, electrochemistry, radiation chemistry, and influenza.

In addition to the regular lectures, a field trip to the Union Carbide Research Center in Parma was made Sat. Feb. 2. After a welcome by G. C. Hornich and a speech about research at the center by E. R. Van Artsdalen, the audience of students from all over the Cleveland area were divided into small groups to witness various demonstrations.

The large number of participants made it impossible for all students to see all 14 demonstrations. These covered such fields as computers, the field emission microscope, radiation chemistry, vacuum techniques in high temperature chemistry studies, the arc image furnace, and the fuel cell.

After two hours, the group assembled in the cafeteria for refreshments. Several students remained in the afternoon to interview demonstrators in fields of specific interest.

Mr. Marko Brdar, chemistry and science instructor at RRHS and chairman of the school's committee for the WSSP, noted alarmingly that for some reason attendance has dropped sharply. "If this decrease continues, the program may have to be cancelled next year. River has come in high though, sometimes composing half the attendance.

"The heavier load should be borne by students from other schools. It is hoped that improved weather will help increase participation. An important factor of the program is that it offers students an insight into science careers, allowing them to talk directly with professional men from many different fields."

LIBRARY STAFF members watch as Anne Erickson checks out a book.

## Harassed Students Seek Information; Library Staff Provides Assistance

Each day approximately 500 students descend upon the library in search of valuable references for their term paper, speech, or biology report. The maintenance and efficient operation of the library in the midst of constant usage is possible through the work of the library staff.

The library staff is a volunteer service group. The staff members offer to work during one of their study halls. The staff is not a club or organization: volunteers receive no special recognition for their service.

The staff consists of approximately 20 members. Two students are on duty each period. The members of the present library staff are Pam Ahlegian, Tom Brooks, Bill Carpenter, Dave Crossley, Nancy Dorfmeier, Anne Erickson, Barbara Frail, Barbara Gould, Carol Hass, Jeff Ingham, Terry Mone, Ruth Rutzen, Bob Thompson, and Betsy Unger.

Tasks performed by the staff include taking attendance, signing out books, and "reading" the shelves. The staff also files cards, magazines, and pamphlets. At the beginning and the end of the year the staff helps process and repair some 13,000 textbooks and 10,000 books.

## I Cover the Riverfront

EXCELLENT... was the term used by many students to describe the entertainment at the Thespian Induction Assembly.

GOLD FOOTBALLS... suddenly appeared on the necks of several RRHS girls last week as the football team received their awards.

ALIVE... is Sue Meyer's jeweled pin. It is a live beetle that is supposed to live three years.

INVENTIVE... is Bruce McKelvey who, during Art Class, discovered a new medium which is less costly but very similar to oil paint. It consists of mixing linseed oil with tempera.

NEW THESPIANS... are Greg Barnett, Anne Erickson, John Maier, and Virginia Wilderman, whose names were omitted in the last issue of the Hi-Tide.

### WSSP Schedule

DATE	SCHOOL	SUBJ. OR TITLE
2-23	Lutheran West	"Probability"
3-2	Fairview	Space material - Beryllium
3-9	Bay	Neurology & Neuro-Surgery
3-16	Lutheran West	"Optical Scattering"
3-23	N. Olmsted	(Chemistry)
3-30	R. River	Unlocking Star Secrets
4-6	Westlake	Theorem Proving with Computers
4-20	N. Olmsted	Combustion Fundamentals
4-27	R. River	"Chemical Kinetics"
5-4	Fairview	(Biology-Medicine)

## Hi-Tide Says Hello To Maggie Over

The Hi-Tide joins RRHS students and faculty in welcoming our newest AFS foreign exchange student, Maggie Over. The Hi-Tide hopes that Maggie's stay in Rocky River will be enjoyable.

The war-torn world is indeed fortunate to have a program like the American Field Service. By bringing students to and from America, the program serves to improve world understanding and the cause of peace.

## Freshman Friendship Provides Enjoyment For 30 Children at Valentine's Day Party

Freshman Friendship followed their purpose of making a friend on Valentine's Day as they held a Valentine's party for 30 fortunate boys and girls at their Feb. 12 meeting.

Red and white paper streamers, lace doilies, and Valentine tree centerpieces gave the cafeteria a festive air. The children, who were from seven to ten years old, each wore a heart-shaped name tag.

Friendship girls and guests together played games such as musical chairs and sang songs before having refreshments.

Hungry after playing games they ate home-made cookies and ice cream. Heart-shaped sucker favors that had been made at a previous meeting were distributed.

The boys and girls attending the party were invited by the West Shore YWCA. The children live at the Lake View Terrace Housing Project on West 28th, Cleveland. Mothers of the Friendship Club members provided transportation.

A Peace Corps movie will be shown at the next club meeting Tues., Feb. 26.

## Slow Usual Hurried Pace; See Main Hall Art Display

While dashing through the first floor hall you may have noticed the display cases along the walls. If you had slowed down to a medium trot you would have realized that there are usually objects in these cases.

The Cleveland Museum of Art through the Circulating Exhibitions Department lends art displays to schools, libraries, and other institutions. For the second year RRHS is participating in this program.

These exhibits, which are changed every six weeks, are located in the display case in the main hall beside the supply

room. They are not merely decorative, but are artistic and informative.

The first exhibit this year was Eskimo carvings and the second, objects of Chinese art. The current display is composed of prints and drawings, showing examples of etching, linoleum cut, lithograph, wood cut and wood engraving.

These works are not always reproductions but are often valuable, original art pieces. The next time you are coasting down the hall pause for a moment, take a good look at the art exhibit and see if you won't find it worth the effort.

### Friendship

Junior-Senior Friendship girls will sponsor an International Dinner Thurs., Feb. 28 in the RRHS cafeteria. A handwriting analyst will reveal the mysteries of the girls' personalities, talents, and future occupations.

At the dinner which will be held from 5 to 7 p.m., food connoisseurs will be able to test their taste buds on dishes from Hungary, Austria, Polynesia and other exotic lands.

There will also be a surprise which will not be revealed until the dinner!

### Chess Club

With challenges continuing, the Chess Club expects to determine its board of six at tonight's meeting. Probable prospects for the board are Larry Metzger, Bob Moses, John Moses, Jeff Myers, Mike Turnbull, and Dick Vaubel.

Mr. Neil Phinney, sponsor of the club, noted that interest in the organization has been high, due mainly to the member's decision to run the club on an informal basis.

## Sally Eakin Will Compete For State Homemaker Now

Sally Eakin has been chosen Homemaker for Tomorrow for Rocky River High School. On Dec. 4, 1962 Sally took a 50-minute written examination on homemaking knowledge. She is now eligible, along with the winners in other state high schools, for the title of state Homemaker of Tomorrow.

The state Homemaker of Tomorrow is awarded a \$1,500 scholarship by General Mills, sponsor of the program. The runner-up receives a \$500 scholarship.

The state Homemaker of Tomorrow, accompanied by her school adviser, will join other state winners in an expense-paid educational tour of New York City, Washington D. C., and Colonial Williamsburg, Va., next spring. During the tour, the 1963 All-American Homemaker of Tomorrow and national runners-up will be named.

The Betty Crocker All-American Homemaker of To-

SALLY EAKIN

morrow will have her scholarship raised to \$5,000, with second, third, and fourth place winners being awarded scholarships of \$4,000, \$3,000, and \$2,000, respectively.

While the basis for local and state winners is a test, personal observation and interviews are added factors in determining national winners.

## RRHS Art Students to Compete In Regional Exhibition at Halle's

The annual Regional Scholastic Art Exhibition will again be sponsored by the Halle Bros. Co. This exhibition will be open to the public from Tues., Feb. 26 through Sat., March 2.

The display consists of art pieces selected from thousands of entries from public, private, and parochial schools in Cuyahoga and surrounding counties. There are 22 classifications in which work may be entered representing all branches of art and photography, such as painting, drawing, design, graphics, and sculpture.

This year there are 66 entries in this competition from RRHS. Outstanding regional work is awarded gold achievement keys and certificates of

merit. There were 11 accepted entries from RRHS last year, but the results of the current contest are not yet known.

At the conclusion of the Regional Exhibit, 125 selected entries will be sent to New York City to compete in the National Exhibition which will consist of entries from the 50 states. National honors include 109 tuition scholarships and some cash awards.

# Pirates Fight for Conference Basketball Championship

The varsity basketball team will complete its Southwestern Conference schedule this Thursday night when it entertains the Olmsted Falls Bulldogs.

This contest will have an important bearing on the league standings, and since the championship is still unsettled, the Pirates may have to wait until Friday night when the other squads play to learn exactly how they fared.

Both teams have improved considerably since their first meeting, which River won, 49-45. The Pirates upped their league record to 8-4 from 1-3, the only loss in that period to Westlake. In addition, they have been victorious in their two most recent home efforts after dropping five of the first six.

Olmsted Falls, led by Fred Parsell and Andy Zack, has climbed from last place to third in a month.

## River Seeded Third

River was voted third-seeded team in the Class AA sectional basketball tournament at Berea when the coaches of the 15 participating squads met Feb. 10. Unanimous choices for first and second seeds were Lakewood and West Tech, respectively, with Rhodes seeded fourth.

The Pirates, in the same bracket as West Tech and Bay, plays Berea, Fri., March 1, at 6:30 p.m. River lost to Berea, 44-30, Dec. 1, but the Braves have not had a very successful season and were defeated by Bay.

Through the first 16 games, 12 of which were league contests, Bob Cross still topped the Pirate scoring list. Here are River's four leading point-makers:

	All	Avg.	Conf.	Avg.
Cross	181	11.3	138	11.5
Miller	163	10.2	126	10.5
Skala	147	9.2	108	9.0
Cartwright	136	8.5	100	8.3

## Pirates Tie for First

The Pirates rebounded from a cold second period to triumph over the Fairview Warriors here, 42-36, Fri., Feb. 1, and entered a three-way tie for first place in the SWC standings. Oberlin's 41-27 defeat of Westlake temporarily deadlocked those two teams with River.

The Pirates led, 11-6, after a close first quarter. Held to 5 points in the second period, River went six and one-quarter minutes without scoring. Even so, when Guy Cartwright finally connected with 1:20 remaining in the half, he put the Pirates ahead, 15-14.

However, Dave Cassel and Larry Sorg, who scored all but two of Fairview's points in the first half and eight for the entire game, combined to give the Warriors a 21-16 lead at the midway mark.

In the third session, River chopped Fairview's margin to one point with 3:25 left, and a field goal by Chuck Napier put the Pirates back on top, 29-28, before the period ended.

River never relinquished its advantage in the last stanza with Bob Cross's four free throws, two pairs within 20 seconds of each other, completing the scoring and insuring the Pirate victory.

High scorers in the game were Cassel and Sorg with 15 and 13 points respectively, but only two teammates broke into the scoring column. Cartwright and Joel Skala both made 10 points for River and were closely followed by Napier and Cross.

	Half 1	Half 2	T.
RIVER	G. F.	G. F.	T.
Cartwright	1 0	4 0	10
Napier	1 0	3 1	9
Burkhart	0 1	0 0	1
Miller	2 1	0 0	5
Skala	2 1	2 1	10
Cross	0 1	1 4	7

## F'VIEW

Spiedel	1 0	2 0	6
Gibbons	0 0	1 0	2
Cassel	3 4	2 1	15
Sorg	4 1	2 0	13

## Oberlin Dropped

Turning in one of their best all-around efforts of the season, the Pirates won their fifth consecutive conference game by surprising visiting Oberlin, 54-36, Fri., Feb. 8. This avenged an earlier 43-41 loss to the Indians which had dumped River into last place, and it also dropped Oberlin from the tie for the first position.

Skala led all scorers with 16 points and hauled in 24 rebounds. Don Miller of River and Dave Miller of Oberlin both tallied 12 points.

Oberlin was weakened because its two most important players, Walt Lawson and Larry Donaldson, were not effective.

## Freshmen Cagers Top Fairview Twice, But Lose to Berea Ford

The freshman cagers now have compiled a season record of eight wins against four losses by downing Fairview twice, while losing once to Berea Ford. They will finish their season by tackling Olmsted Falls, there, Feb. 21.

River traveled to Fairview, Feb. 1, and downed the Warriors, 30-11. Leading the Buc tally were Greg Allebach, with 10 points, and Mike Gee, with 7. Leading the Warriors was Rinehimer with 6 points.

River next hosted Berea Ford, but lost, 32-20, Feb. 8. High scorers for River were Jack Lee, with 6 points, followed by Ken Gandola and Dan Burkhart, each with 4. Heading Berea's attack was Fors-hoffer with 15 points.

River hosted Fairview, Feb. 12, in a make-up game, and beat the Warriors, 38-29.

The Pirates moved to a 7-2 lead and, at the end of the first period, were ahead by the same margin, 12-7.

In the last three and one-half minutes of the first half, Oberlin outscored River, 9-2. This surge was sparked by three straight successful long shots by Dave Miller. With 15 seconds left, Jeff Siglin gave the Indians the lead for the first time, 25-24, the halftime score.

River started to pull away midway through the third session, capitalizing on Oberlin's inability to score. The Pirates were on top, 42-31, at the three-quarter mark and in-

creased their margin by 7 points in the final stanza.

	Half 1	Half 2	T.
RIVER	G. F.	G. F.	T.
Cartwright	3 1	0 4	11
Napier	1 0	1 0	4
Miller	2 2	3 0	12
Skala	2 3	3 3	16
Cross	1 0	4 1	11

## OBERLIN

Donaldson	1 1	0 1	4
Lawson	3 0	0 0	6
Miller	1 1	1 1	6
Berg	2 0	0 1	5
Miller	4 0	2 0	12
Hodge	0 1	0 0	1
Hicks	0 0	1 0	2

## Grapplers Close Regular Season, Prime for Valley Forge Sectional

The Rocky River varsity wrestlers, having concluded the season with a five win, six loss record in dual meets and placing fourth in the conference meet, are now looking toward the sectional meet Feb. 22 and 23 at Valley Forge High School in Parma.

In this section, 12 teams will compete for the top four positions and entry into the district tournament. With two sections in this district, eight teams will thus compete for first and second position to qualify for state competition at Columbus. District matches will be held March 1 and 2 at Berea, and state championships will follow, March 8 and 9.

In the SWC Tournament at Medina, Feb. 9, Bay took first place with 63 points. Trailing were North Olmsted with 62 points, Olmsted Falls with 54, River with 51, and Medina with 33.

Good effort was shown by John Rudy (103), Gary Carlisle (112), Ed Badstuber (120), who defeated the same opponent who had earlier pinned him, Cliff Obrock (127), Jim Talmage (133), Jim Steffien (138), Bob Clements (165), Greg Ware (175), and Dave Kergaard (185).

Despite the defeat Coach Simpson pointed out that the meet was close. Steffien and Ware, who both took first in

their weight classes, were paired with opponents of widely varying ability. Steffien had tough competitors throughout, while Ware never faced any particularly serious challenges.

In the last meet of the year the grapplers were trimmed 24-16 by Strongsville, Feb. 1. Ware had River's only pin, while Badstuber, Steffien, and Tom Buford won by decisions and Stark battled to a draw.

## Basketball Standings

Team	W	L	Pts.	Opp.
RIVER	8	4	615	530
Westlake	8	4	635	564
O. Falls	7	5	624	573
Oberlin	7	5	568	538
Bay	6	6	632	691
Medina	4	7	524	576
N. Olmsted	4	8	635	696
Fairview	3	8	495	560

## JV's Defeat Fairview, Oberlin, To Wind Up With Olmsted Falls

With only one game remaining this year, the JV cagers will tackle Olmsted Falls in a contest preceeding the varsity game on our floor, Thurs., Feb. 21. The junior Bucs have now piled up three victories in succession and will try to finish their season successfully Thursday evening.

River hosted the invading Warriors of Fairview, Fri., Feb. 1, and downed their opponents, 47-32. River scoring was led by Jim Laveglia with 13 points. Al Cashin with

10, and Scott Gilchrist with 8. Fairview's scoring was headed by Dick Stuewe and Bob Sudick, each with 7 points.

River next met Oberlin's JV's here, Fri., Feb. 8, and beat the Indians, 42-37. With a fine performance, Craig Smith led the Pirate tally with 15 points, with Cashin getting 10, and Warren Whitney 6. Marty Hicks led the Indian scoring with 11 points, followed by Graham Browne and Tom Willbond, who each got seven points.
